E. ALEXANDER,  
Acting Assistant Surgeon, U. S. M. H. S.

*Eagle Pass, Tex., June 7, 1902—Inspection service.*—I have the honor to report the following transactions at this port for the week ended June 7, 1902: Number of passenger trains from Mexico inspected, 7; number of passengers on trains from Mexico inspected and passed, 250; number of passengers from infected ports detained, 1; number of persons on footbridge inspected and passed, 150. The passenger detained was from Tampico, Mexico. He had no baggage and was in a rather destitute condition. I took him to the camp and gave him a bichloride of mercury bath (universal) which was followed by another bath of castile soap and water. Patient had a little fever, but it was due to his filthy condition. After the baths, his temperature dropped to normal and he has been perfectly well ever since.

LEA HUME,  
Sanitary Inspector, U. S. M. H. S.
